About Us – ZE0392

Zeo3 Moscow Russia. Zeo3 is working with Gazprom which is a larger gas supplier in Europe. Now Zeo3 has attached with VK (VKontakte) which installed the Max App in Russia. Max App came into force in September 2025 by replacing WhatsApp and Telegram in Russia. Now it is planned to install the app worldwide. In this connection, the company is marketing the app in India and China.

Process of Marketing:

The company will contact the people. Anyone who wishes to join will register himself on the link provided by the company. The business will be done in **USDT** with an overall rate of **100 INR in India** and **7 yuan in China**. The marketing business details are given separately.

Company Development theme

The company will tie up more and more people. The person who introduces people will be able to get more income and a permanent income from the company. Every person will be able to earn a minimum **600 USDT to 7.0 lakhs USDT** as per the company's plan.

If any person, after completion of one year, will be entitled to get **600 USDT in the next one year**, i.e., **150 USDT per quarter**.

Permanent Income:

You will have to introduce only **4 persons** in the company. You will be entitled to reach **USDT 7.0 Lakh** as per the company plan. Beyond this, when any person or persons in your group install the **Max App** and use it, then the incentives will be created for you permanently as per the data usage by your team.
